

FARHAN PAAL

AI & DATA SCIENCE STUDENT

Srinagar, Jammu & Kashmir • thefarhanpaal@gmail.com • farhanpaal.com • LinkedIn: Farhanpaal • GitHub: farhanpaal

PROFILE

Integrated Master's student in AI & Data Science at the University of Kashmir with hands-on experience in programming, data science, machine learning, web development, and AI application building. Interested in solving practical problems through technology and developing reliable, user-focused products.

EDUCATION

Integrated Master's in AI & Data Science | University of Kashmir, Main Campus, Srinagar
Dec 2024 – Expected 2030 • 4th Semester (Sep 2026)

TECHNICAL SKILLS

Languages	Python, C, C++, JavaScript, R
Web	HTML, CSS, JavaScript, Django
Data & ML	NumPy, Pandas, Scikit-learn, Matplotlib
Tools	Git, GitHub, VS Code, Jupyter

PROJECTS

BIS RAG AI Assistant | Retrieval-Augmented Generation (RAG)

- Developed a RAG-based AI assistant to help users find information related to the Bureau of Indian Standards (BIS).
- Designed the assistant to retrieve relevant information from BIS resources and provide contextual answers to user queries.
- Applied Generative AI and information-retrieval concepts to a real-world information-access problem.

Project evidence: [LinkedIn post](#)

COMMUNICATION & ACHIEVEMENTS

- Won a ₹6,000 cash prize in a university speech competition. [LinkedIn post](#)
- Participated in numerous speech and public-speaking competitions and activities at the University of Kashmir.
- Regularly delivered speeches in competitive and university settings, developing presentation and communication skills.
